ARTICLE I. SCOPE OF WORK:

The Contractor shall furnish, on a quick reaction basis, services, materials, parts, etc. as may be required by the Government hereunder. The general nature of this work will include repairs and modifications of existing equipment, machine shop and engineering services. The material and services to be furnished by the Contractor shall be set forth in Work Orders as may be issued hereunder and signed by the Contracting Officer or his duly authorized representative. Work Orders to be issued hereunder shall be limited to those requirements of the Government which are: (1) required to be furnished within a reasonable short period of time; and (2) of important but limited scope.

An authorization granted by the Technical Representative of the Contracting Officer or the Work Order per se shall not, however, alter the basic terms of, increase the scope of, or obligate additional funds to this Contract, as any such amendments are to be made by the Contracting Officer and the Contractor by a bilaterally executed Supplemental Agreement to this Contract.

ARTICLE II. WORK ORDERS:

Work Orders, as may be issued hereunder to the Contractor, shall be consecutively numbered, dated and signed by the Contracting Officer and shall contain the following, among other provisions; (1) a reference to the Contract; (2) technical instructions for performance of the work authorized, description of the material and/or services to be furnished in reasonable detail, including, wherever appropriate, a reference to applicable plans and specifications; (3) an estimate of the cost; (4) packing, packaging, and marking requirements, if any; (5) inspection, delivery and acceptance requirements as applicable; and (6) the property, if any to be furnished by the Government and the date such property is to be delivered to the Contractor.
